

Ehrlich

A Rentokil Steritech Company

Your Local Pest Control Experts

The Ehrlich #PestFreeLiving Pledge

At Ehrlich, our mission each day is to protect people and enhance lives. Providing world-class service that achieves this mission is the goal of every Pest Specialist on our team.

We believe that pest management is a partnership between our company and you. To uphold our side of this partnership, we believe there are eight promises we must meet. These eight promises make up our #PestFreeLiving Pledge. While conducting service at your home, we promise to:

- 1 Enhance the quality of your life by working to eliminate and control pest issues
- 2 Provide professional service that is respectful of your time, your home, and your family
- 3 Share our knowledge of local pest concerns and provide clear answers to any questions you may have
- 4 At each visit, inform you of what we did during our past service, what will take place at the current service, and what you can expect on our next visit
- 5 Always operate with a safety-first mentality, protecting you, your family, your pets, your home, and ourselves from hazard and harm
- 6 Communicate and document any product applications to ensure that you know what is happening in your home
- 7 Use only products registered by the U.S. Environmental Protection Agency, in accordance with label laws.
- 8 Make practical recommendations for services, products, and actions to help prevent future pest problems

Adherence to these standards ensures that we provide the highest-quality service in the safest possible manner, exceed your expectations, and deliver on our mission of protecting people and enhancing lives.

This is our pledge to you.
